Clément FABIEN
Software Engineer Internship
SRE - DevOps - Infrastructure

Profile

I am a 3rd year student in computer engineering at EPITA. Living most of my life in international studies, I have always been passionate about learning. I am keen to improve my knowledge on any domain related to computer science. I have delved into the world of computer science at 12 years old, and I am always looking for new things to learn !

Experiences

Teacher Assistant (ACDC)
EPITA, Paris, France

present ↑ 2023

Teach C# and Caml to first year students of EPITA as well as create subjects and exercices for them.
